		2	Country North
		3	Far North
		Z	Remote Regional Australia
Northern T'tory	9	1	Darwin
		Z	Remote Regional Australia

Definition: -The definition is self-explanatory and definitely does include litters born and registered as 'imp in dam' and of course those litters born having used imported semen.

Tournament 2 will be our Dat's Showbiz Competition.

After all there's no business like show-business ! This is a stand-alone point score competition open to all comers in Australia and New Zealand.

Please note: - 1 Boundaries of each Sub-Zone are determined by KEY TOWNS &/or POST CODES
2 Local exhibitors are invited to suggest improvements or conformation of the above boundaries
