All manuscripts become our property, however as communication is one of our priorities, we will be happy for articles to appear elsewhere, provided they are accredited as follows "Originally published in **NationalDOG** - THE RingLEADER Way".

Where specific authors are involved, their personal approval must also be obtained.

National DOG - THE RingLEADER Way is totally independent of any outside influence, and fully committed to identify and encourage the achievement and maintenance of excellence in each breed and their associated dog sports, at all times working alongside and in support of the State Controlling Bodies and the ANKC, rendering any possible assistance which they perceive may aid them in obtaining their objectives.

With **National Dog** you get TWO separate publications per month for the price of one, our regular esteemed monthly magazine packed with news from all over Australasia and around the world, emphasising the role of dogs in the community and responsible dog ownership, and seeking always to recognise and reward excellence in the many and varied fields of canine endeavour. And now - every month - a special Breed Feature brimming with information for newcomers, established breeders/exhibitors and judges. The Breed Features have already become Collectors' Items and orders are constantly received from all over Australasia and many countries as soon as each issue is viewed. Thank you to the many judges who take the trouble to ring or write to say how valuable they are finding these Breed Features.

National Dog is sent free of charge to ALL judges with two or more Groups at championship level, and to ALL New Zealand All Breeds judges. It is hard to keep track now that the ANKC does not publish a judges' book, so please let us know if there are any problems with your delivery.

Distribution is through 2,500 newsagents per month. We are also available in prestigious book sellers such as Borders and Angus & Robertson. By September we will be even more readily available overseas.

National Dog goes on subscription to most countries of the world, with complimentary copies also widely circulated amongst the cognoscenti of the international dog world.
