The 10th National Collie Show held in Sydney 30/31st May, 2009 attracted a huge entry of 260 with a further 25 in the obedience and agility section. The judge, Jasna Kovacevic, was treated to entries from as far away as Perth and appeared to thrive in the spotlight. After the two day show, most of the exhibitors stayed on another day for the International Collie Society Conferencethe International Collie Society Conference which was attended by delegates from United Kingdom, Sweden, Finland, Estonia, Singapore and New Zealand. The Collie Club of NSW has been inundated with calls from Collie lovers that had been "blown away" with the whole weekend.
